

MEMBERSHIP DIRECTORY

CHAPTER TEAM: MEMBERSHIP

OBJECTIVE: The MPI Member Directory is your source to connect with current members. This easy-to-use search process allows you to locate other members by industry segment, country, state, and/or member level.

<https://www.mpiweb.org/membership/member-directory>

Who is included in the directory?

This directory includes all MPI association members.

What information is available?

For members who are “opted in” - Member name, Company, Title, City, Email address, Phone number

How can I update my listing in the directory?

In order to update your listing, you need to be logged into the website. The “complete your profile” feature next to your name will allow you to edit your personal profile.

I’m concerned that the directory will be downloaded for commercial purposes.

The purpose of this directory is to provide members with an immediate way to access up-to-date contact information for our members. Members have the ability to “opt out” sharing personal information. The online Member Directory may not be used for purposes of solicitation or other commercial purposes, nor may it be transmitted in any form or by any means, electronic or mechanical, whether temporary or permanent. Please report any abuse of directory information to the membership services department.

feedback@mpiweb.org

I have tried all the above suggestions and I still can't find the member I am looking for. What now?

The Member Directory is continually changing as member information is updated and new members are added. If you think a member is missing from the directory or you have other concerns or questions about the directory, please contact the membership services department. feedback@mpiweb.org
