EVENT DESIGN COLLECTIVE

WHO ARE WE?

Event Design Collective GmbH is an organisation operating as a training and consulting company around the globe based in Switzerland with representations in 14 countries in Europe, Americas & Asia. Launched by entrepreneurs Ruud Janssen and Roel Frissen in 2014, the #EventCanvas is a methodology and visual prototyping tool that can be used by planning professionals and event owners to improve their current and future events. Industry adoption of the methodology has grown exponentially becoming the gold standard Event Design methodology. This has sparked an expanding network of licensees, with a global community of practitioners with training & resources available in multiple languages.

WHAT IS THE EVENT DESIGN USING THE #EVENTCANVAS™ METHODOLOGY?

The #EventCanvas is a strategic management template for developing new or documenting existing events and conference models. Building a thorough #EventCanvas can be achieved through a 3 stage Event Design using the Event Canvas Methodology where the team involved in the event systematically analyses, designs and outlines the inputs for the components of a successful event. The methodology is intended to stimulate the creation of a common visual language that results in the ability for event owners to tell their event story in 60 seconds or less.

WHY COMPLETE TRAINING?

Completing in-person training with the Event Design Collective will give you the invaluable tools and methodology proficiency to raise your events to the next level. Additionally, you will be able to meet and collaborate with a powerful network of event designers from around the world. Whether you complete a training unit with your team or alone, the common visual language is a professional investment that is translatable into events worth attending in the future.
