What is MPI OKLAHOMA?

MPI Oklahoma is the Oklahoma Chapter of Meeting Professionals International (MPI), a global organization dedicated to supporting professionals in the meetings and events industry.

The MPI Oklahoma Chapter provides networking opportunities, educational events, and professional development resources to event planners, suppliers, and hospitality professionals across the state.

Student membership is available to those individuals enrolled in a post-secondary academic program with emphasis in the meeting, hospitality, events, and tourism-related industries leading to qualification as a regular member. The student must be enrolled in either a certificate, undergraduate or graduate program unless the academic institution defines it otherwise.

Tori Collison

I am so grateful for my time spent involved in MPI's student chapter. I was able to build connections with industry professionals, attend networking events, and shadow professionals at their workplaces to gain a better understanding of what a career in the meetings industry could look like. I truly feel MPI jump-started my career in a meaningful way. It is a great way to invest your time before starting your career.

Audra Pixley

I joined MPI during my senior year at OSU to learn from professionals in the event planning industry. The connections I made were incredibly valuable. One highlight was an on-campus event where local leaders discussed MAPS 3, giving us real-world insight into large-scale projects. MPI offered great networking and even helped some of my classmates find job leads!
