Welcome to MPI-WI
University...our Spring
Education Event!

MPI-WI Spring Education ...

Join us on the campus of Green Lake Conference Center in Green Lake, WI for a fun-filled adventure with your MPI-WI classmates.

At MPI-WI University, you will have the opportunity to renew relationships, grow your knowledge, and help the community. As you arrive at Green Lake Conference

Center, we encourage you to go back to your college roots of classes around the campus, dining hall meals, and sleeping in residence halls/lakeside hotels to enjoy all of the activities that we have in store for you! If you are interested in the 'Greek' feeling, get a group of friends together to take over one of the lake houses on sorority row.

We invite you to renew your relationships with fellow MPI-WI classmates on Wednesday evening at our Welcome Reception and Chairman's Challenge. Incoming President, Claudia Cabrera, will challenge you to our dance activity of Salsa Dancing! Our professional instructor Dante Viscarra was born in La Paz, Bolivia, is an UW-Madison alum, and studied and practiced Jazz at the Rene Dupree Dance School in Hollywood, CA.

Our official day of MPI-WI University starts on Thursday, May 18 where we have a packed day of visiting exhibits (aka: Fraternities and Sororities) with a Strategic Alliance Partner rush, participating in a variety of classes by professors in the industry, and an engaging Community Outreach Project. Our keynote professors include celebrity speaker Scott Christopher to educate us on who are People People, Sarah Gibson enlightens us on managing the generational chain of command, and finally Jay Gubrud helps up improve the Supplier/Planner Relationship! The afternoon has three fun sessions to choose from including event design, business writing, and how to be a connector to create value every time. We can guarantee that these classes will allow you to enhance your knowledge to graduate MPI-WI University at the end of the day.

Scroll down for more information on our Class Schedule and our Professors.

We also encourage you to visit our complimentary CMP 101 session before the reception on Wednesday: CMP 101, presented by Jodi Goldbeck, CMP, this month will teach us about Risk Management and Stakeholder Management which will prep you for taking the CMP exam.

We look forward to seeing you all at MPI-WI University!

Community Outreach

Cards are just one way to keep in touch as well as to express emotions such as love, congratulations, condolences, and gratitude. Although we live in a world run by digital communication, a card – especially one handmade -- can mean a lot to both the sender and the recipient.

The May Community Outreach program is all about giving! We plan to make cards for senior residents of the Prairie Place Assisted Living, Ripon, WI and Kindred Hearts, Green Lake WI. Bring your extra craft & art supplies to help make birthday, holiday, get well and sympathy cards. We will have supplies there too.

Join us to make the cards and meet some of the residents of Prairie Place. Some of the cards will be given to residents and other cards will be made so residents can send them out to family and friends. It is a wonderful way to honor the community and their seniors. “The bond that links your true family is not one of blood, but of respect and joy in each other's life. Richard Bach”

KindredHearts is built on more than 25 years of achieving excellence in meeting today's senior needs, and anticipating those of tomorrow. They have multiple senior care communities located across Wisconsin, and they are dedicated to meeting the diverse needs of today's elderly by offering assisted living, memory care and independent living in a personalized, home-like setting, promoting an integrated approach to healthcare. <http://www.khearts.com/index.php>

Prairie Place is dedicated to the dignity of human life, recognizing that each person has physical, mental, emotional and spiritual needs and rights, and that these rights must be respected. Prairie Place believes that it is important to serve and preserve life, and to prepare for death when it is inevitable through spiritual support, understanding and empathy. Admission to these facilities shall be based on the level of care needed, the environment most appropriate for the resident, and the availability of accommodations. <http://www.prairieplaceassistedliving.com/>

Thank you to Susan Kainz and Meeting Matters for sponsoring the Community Outreach program for May.
