

MPI New Jersey Chapter Mobile App Guide

Stay connected and make the most of your event experience using the MPI New Jersey Chapter Mobile App. The app gives you quick access to event details such as the agenda, speakers, sponsors, networking tools, and important updates throughout the event. We recommend downloading the app before arriving on-site so you can begin exploring and planning your day.

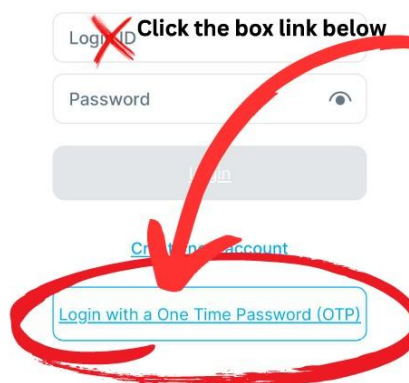

Step 1: Download the App

1. Open the App Store (iPhone) or Google Play Store (Android).
2. Search for the **MPI NJ** app or scan the QR code
3. Tap Download and install the app on your phone.
4. Once installed, tap OPEN to launch the app.

Step 2: Log In to Access the Event

5. Select **Login with a One-Time Password (OTP)**.
6. Enter the **same email address you used to register for the conference**.
7. Check your email for the one-time password sent to you. Check the junk folder if it's not in your inbox.
8. Enter the password in the app to access the event.
9. **IMPORTANT:** If you have **multiple login IDs, select the top login option** to access this year's conference access.

Step 3: Enable Notifications

Allow notifications when prompted so you receive important announcements, session reminders, and real-time updates.

What You Can Do in the App

- Browse the full agenda and read detailed session descriptions
- Learn more about speakers
- Explore sponsor and exhibitor information
- View the floorplan
- Connect and message with other attendees
- Access event FAQs and important updates

Tips for the Best Experience

- Complete your profile to help other attendees connect with you.
- Use the messaging feature to network before and during the conference.
- Check the agenda regularly for updates or room changes.

If you experience any issues accessing the app, MPI committee members will be available on-site to assist you. Our mobile app partner will also provide virtual support during conference hours.
